

SUSTAINABILITY

HOW YOU CAN CONTRIBUTE

By choosing a product from Lundhags, you also get the opportunity to contribute to a more sustainable outdoor product consumption. We work with sustainability by developing high quality products that lasts for a long time if cared for. Longer product life span decreases the need for mass consumption.

PRODUCT CARE

To make your new product last as long as possible, we recommend handwashing it with mild soap and water after use.

TOKO

For this product we also recommend "TOKO Tent & Pack", an easy applicable spray. It creates a waterproofing layer as well as increasing dirt resistance, making the pack easier to clean and to keep in good condition for a long time.

MAKE IT FIT YOUR BACK

More info at: www.lundhags.se/backpacks

Fitting the carrying system is important for a comfortable use. The shoulder straps should rest on your shoulders but the main weight should rest on your hips.

1. Tighten the hip belt.
2. Tighten the shoulder straps.
3. Tighten the chest strap.
4. Tighten the top puller straps, but not too much.
